Tom Finn 738-0230
Tom Snashall 738-9231
Peter Whittlesey 738-7410

Board Meetings are usually held on Wednesday or Saturday, after the 10th of the month. Call a board member for date and time.

Annual Meetings of the Water Association and the Surf Pines Association will be held Saturday, September 19, at the Grange Hall. A detailed notice will be sent later. Important decisions will be made. Mark your calendar. Plan to attend. The Articles of Incorporation provide that any member whose dues are in arrears more than 60 days are not entitled to vote on any matter. Upon payment of the delinquent fees, any disenfranchised member shall be immediately reinstated to vote.

Directors. Judy Bay has resigned from the board of the Water Association. Tom Finn was elected by the remaining directors to fill her unexpired term. Allen Cellars and Jon Palmberg, presidents of the Water Association and Surf Pines Association respectively, are retiring as directors this year.

The State Parks Department is supposed to provide **increased enforcement of beach rules and regulations** and better signage this summer, particularly regarding vehicles. If you observe inappropriate and dangerous activity on the dunes or on the beach, call the State Police and report as much information as you are able to obtain on the violation. 1-325-2231. Keep a record of any such activity and provide a copy to the board. You are urged to file a report with the Department of Parks and Recreation, 525 Trade St. S.E., Salem, OR 97310, 1-378-5020.

FIRE SEASON IS HERE. THIS IS A DRY YEAR. Forest Service burning restrictions apply in Surf Pines. Use extreme caution. There were disastrous fires near San Francisco during the dry season last year. Don't let that happen in Surf Pines. **Burning permits are required, including use of burning barrels.** No permits are being issued until further notice. Call Oregon State Forestry, 325-7215, for information. **NO ATV's or motorcycles. NO FIREWORKS** and no spark- or smoke-producing devices. Remember the grass on the dunes is easily ignited and burns rapidly.
